MORE SITES PENDING

This December, AfCPA 2020 will provide a unique opportunity to connect the science and practice needed to put

PRECISION AGRICULTURE *in ACTION for AFRICA*

AfCPA 2020 offers:

- a one conference, multiple site format designed to accommodate anticipated difficulties due to COVID-19.
- multiple concurrent tracks conducted at the host site.
- a main program simulcast to a network of satellite sites throughout Africa aimed at maximizing access to content and networking.
- a fully online experience that will provide real-time opportunities to connect, learn and engage with other participants.
